Dear Sirs/Madame

I'm writing this letter to recommend Convess Sp. z o.o. as a reliable business partner. Our companies started cooperation over a year ago and working until now on numerous of different projects. Convess supports us with manning and supervision on complete piping installations in German shipyards like: Fassmer, Blohm&Voss, FSG. We can say that we and our contractual partners have always been satisfied with their work.

The company has a great knowledge of the shipbuilding industry supported with long experience and very good standards. I always had a full trust that our expectations will be completely realized due to their professionalism and commitment.

I would like to ask you to consider the Convess for the needs of your company. I strongly recommend their services
